Ka-158F/1, Kuril Vatara Dhaka 1229, Vatara, Dhaka

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE AND ENGINEERING

American International University-Bangladesh (AIUB)

Expected Graduation: September,2027 till now (8th Semester)

HIGHER SECONDARY SCHOOL CERTIFICATE

Dr Mahbubur Rahman Mollah College

Group: Science

GPA: 5.00/5.00

Passing Year: 2022

SECONDARY SCHOOL CERTIFICATE

Rafiqul Islam School And College

Group: Science

GPA: 5.00

Passing Year: 2020

SKILLS

Programming Languages: C++, Java

MS Word

MS Excel

MS PowerPoint

Graphic Designer

Video Editor

Digital Marketing

Leadership

JOB OBJECTIVE:

To secure a software developer position where I can apply my academic knowledge and passion for coding, contributing to innovative projects while growing my skills and gaining hands-on experience in a dynamic development environment.

PROJECTS:

Online Quiz Application
January 2024 – March 2024

- Developed an interactive quiz application with C++ for the backend and JavaScript for the frontend.
- Implemented user registration, quiz creation, and result tracking features for a seamless experience.

Java Project – Coffee Shop Food Management System

- Developed a food management system for a coffee shop using Java Swing as part of a university project.
- Focused on inventory tracking, item listing, and order management with a simple and intuitive UI.
- Ensured smooth functionality for item addition, removal, and updates within the system.

Database Project – Bus Ticket Counter Management System

- Designed a comprehensive database system named “Bangladesh” for managing bus ticketing operations.
- Stored essential information such as bus schedules, ticket availability, destinations, and travel timings.
- Utilized MySQL to handle data storage and retrieval efficiently, enhancing real-time ticketing operations.

Farm Invoice Manager – Billing Management System

- Developed a desktop-based application using C# Windows Forms and SQL Server to manage billing, sales, products, and customers for farm businesses.
- Integrated a secure login mechanism with role-based access for Admin and Employee.
- Implemented functionalities such as product management, invoice generation, sales reports, and printable invoices.
- Used SQL for database operations, including create, read, update, and delete queries for managing users, products, and sales data.
- Enhanced usability with features like password recovery, username/password reset, and graphical sales analysis.

LANGUAGE

Bangla

English

Hindi

CURRICULAR ACTIVITIES:

Founder, YouTube Channel - Tech Concepts

- Created and manage a YouTube channel simplifying tech concepts for students.
- Produced and edited engaging videos using Davinci Resolve, Filmora, and Photoshop.
- Built a dedicated audience, enhancing understanding of tech trends and innovations.

Computer Science Club Member, AIUB

- Contributed to coding contests, technical workshops, and collaborative projects.

EXPERIENCE:

- **Competitions:** Participate in coding challenges, math olympiads, and case study competitions.
- **Volunteering:** Participate in community service and NGO activities. Volunteer at Dr Mahbubur Rahman Mollah College.

HOBBIES:

- **Video Editing:** Passionate about crafting engaging content through editing, bringing stories to life.
- **Badminton:** Enjoy playing and competing in badminton, improving fitness and agility.
- **Designing**: Enjoy designing creative visuals including photo logos, YouTube thumbnails, social media banners, and other digital graphics.
